

## PLAY SAFE, BE SAFE WORKSHOP

Sponsored by the Fort Fairfield Fire/Rescue & Limestone Fire/Rescue

Play Safe Be Safe is a multimedia fire safety education program created especially for children age's three to five. It was developed by the BIC Corporation in cooperation with educators and fire safety experts, *play safe! be safe!* brings a firefighter into the classroom through the power of video to teach young children the basics of fire prevention and to show them how to respond to specific fire situations. The Purpose of this workshop is to target the audience on child fire safety and give them the tools they need to effectively teach fire safety to preschool children.

**Who Should Attend:** Teachers, Day Care Providers, Fire & Life Safety Educators, Direct Care Providers, & Outside Agencies.

### WORK SHOP OUTLINE

- The frequency of children's fire play and fire setting
- The preschool child's understanding of fire
- Teaching preschool children safety skills
- Specific fire prevention skills for preschool children
- Involving families in fire safety
- The evaluation of the program
- Each School, or Agency that attends will receive one Play Safe Be Safe kit.
