C. *Building Infrastructure Management Solutions (BIMS)*

After several discussions with Reboot IT and Inlution Integrated Technology Solutions on a camera system for the Town of Fort Fairfield it was discovered that we needed a more encompassing strategic plan for the community to bring longevity to this community wide safety project.

The Department Heads and Ms. Powers were fortunate to meet with Mr. Don Bresnahan, Senior VP of BIMS, yesterday, along with Reboot IT and Inlution to discuss what they can bring to this project and how partnering with them is an investment in the growth and sustainability of the future of our community.

Discussed were the various needs of each Department and how each separate project could be integrated into one project that would benefit all departments. The one item we were missing was a solution to how we would bring this project together through engineering, strategic planning and financing.

That is where Mr. Bresnahan was able to discuss what the group of investors from BIMS can do. He will be meeting with the investors early March and would need permission from Council to allow the Town Manager to move forward with the non-recourse for the Town of Fort Fairfield investment partnership.

Mr. Bresnahan, Senior VP of BIMS gave a presentation to Council.

Recommendation: That the Town Council authorizes the Town Manager to act on the Town’s behalf in requesting a non-recourse investment by Building Infrastructure Management Solutions (BIMS).
Mr. Kilcollins made a motion that Town Council authorizes the Town Manager to act on the Town’s behalf in requesting a non-recourse investment by Building Infrastructure Management Solutions (BIMS).

Mr. Smith seconded.

Discussion:

Mr. Smith asked Ms. Powers what this was going to cost the Town.

Mr. Bresnahan responded: “This is truly our investment.” “This is on us.” If you don’t move forward with anything, then it doesn’t cost you anything.” “This is a risk and reward program and we are taking the risk and hopefully the reward is you will continue to do business with our area companies, we are in fact based in Presque Isle.” “The solutions we present will be guaranteed maximum price solutions utilizing local contractors and Maine based companies.”

Ms. Powers: “They also offer Municipal financing.”

Mr. Bresnahan: “We will go to the financial markets for you and find out what is the best option.”

Vote: All Affirmative

X. Other

A. Tax Acquired Property – Ms. Powers

Per a discussion with the Tax Collector, Ms. Ella Leighton, the Town has not been able to sell the Tax Acquired Property located at 32 Forest Avenue. Several people have looked at the property since it was put out for bid with a minimum bid of $10,500, but because of the condition of the home, no one wants to buy it. The property does not have a full basement and the basement has water in it and the interior is in poor condition.

Considering the condition of the building, we are asking the Council for permission to put this property out for bid at a lesser amount of $5,500.00. Our other option would be to have the building demolished and put the lot out to bid. Should Council decide to do this we would be incurring expenses on a property that is not on our Tax Roll.

The property located at 51 Brunswick Avenue is in danger of going into foreclosure on March 07, 2020. The total amount due for the 2017 taxes is $2,226.32. This is the property that has been deemed unlivable at this time by the Health Officer. The current property owner is making amends to remedy this situation.

With permission from the Council, the Town Manager would file a Waiver of Foreclosure for the 2017 taxes, leaving the property in the owner’s name and not having it go tax acquired for one more year. If the decision is made to file a waiver, it will have to be recorded before March 07, 2020.

Recommendation: That the Town Council authorizes the Town Manager to put the Tax Acquired Property located at 32 Forest Avenue out to bid again at minimum bid of $5,500.00 and that Town Council authorizes the Town Manager to file a Waiver of Foreclosure for one year on the property located at 51 Brunswick Avenue.

Mr. Butler made a motion to authorize the Town Manager to put the Tax Acquired Property located at 32 Forest Avenue out to bid again at minimum bid of $5,500.00 and that Town Council authorizes the Town Manager to file a Waiver of Foreclosure for one year on the property located at 51 Brunswick Avenue.

Mr. Smith seconded.

Discussion:

Mr. Smith asked what the tax amount due is on the 32 Forest Avenue property.

Mrs. Leighton, Tax Collector responded $5102.35 which includes interest and the cost of the ad that was put in the paper.

Mr. Smith: “That’s why you’re asking for $5500.00?”
Mrs. Leighton: “Yes”

Vote: All Affirmative.

XII. Adjournment

Mr. Butler made a motion to adjourn.

Mr. Smith seconded
