The Town of Fort Fairfield has provided a channel for snowmobile trail maintenance funds from the State to the Fort Fairfield Snowmobile Club since 1999.

There is very little staff time required to assist the Fort Fairfield Snowmobile Club in their grant application. The Club prepares and manages all the paperwork. The State distributes the grant funds to the municipality and the municipality appropriates the grant funds to the Club in accordance with M.R.S.A. Title 12, Chapter 220, Subchapter 8, Section 1893.3.

B. FY 2020/2021 Audit

The FY 2020/2021 Audit Management Discussion and Analysis pages are available for Council discussion.

Ms. Powers stated that in reviewing this year’s financial position, the Town of Fort Fairfield’s net position decreased from $5,248,979 to $4,268,533.

For this fiscal year our general fund balance of $215,207 (exhibit D) will be utilized to offset decreased revenues from the State to help balance the budget for fiscal year 2021/2022 and rebuild our capital improvement accounts. This will enable us to continue to provide the services that citizens require and properly maintain our vehicles, equipment and properties.

Income for this fiscal year was $6,798,942, which is $179,956 under the budgeted amount. Total expenses were $6,538,949, which were $346,685 under budget resulting from savings in a number of our departments. It is our goal to provide expected services while constantly working to minimize expenses regardless of budget authorization. The department heads worked extremely hard to reduce their overall costs in a constrained fiscal environment.

Chairman Butler commented “so in a nutshell, the Budget was balanced?”

Ms. Powers replied – “Yes”

A. We are pleased to announce that the Fort Fairfield Public Library has been awarded a grant from the National Endowment for the Humanities in the amount of $19,200.00.

In May, the library applied to the American Rescue Plan: Humanities Organizations for a grant to continue to protect the contents of the Jesse Drew Historical Room. This grant is designated
for the purchase and installation of UV filtering film on the windows and overhead lights, purchase and installation of the railing and brackets for our rolling library ladder, acrylic shelf liners to protect the books from the wood shelf varnish, document cases for our loose documents, and foam board padding for between the large bound newspaper books. In addition, the grant also completely covers a full year of payroll for our archival aide.

Starting this fall through the winter, the library will be working with Precision Custom Woodworking to install the ladder and the acrylic shelf liners. Staff will continue to transition the bound newspaper books to a more secure orientation utilizing the foam cushioning and installation of the UV film on the windows and the lights.

This was a highly competitive grant, with only 292 funded projects from 937 applicants across the country. 3 awards were given to institutions in Maine, with Fort Fairfield as the only library.

The library is extremely grateful to National Endowment for the Humanities for the opportunity this grant will afford us in protecting our irreplaceable collection.
