IX. New Business – None

X. Other – Town Manager, Mike Bosse would like to comment on the current cash flow as reported by Dan Foster. Mr. Foster had figured in what the cash flow was when we were carrying the balance from the construction loan through for the new Clinic. Mike stated that Dan’s figures were off a little, but in the positive in our cash flow. Dan had figured that we would be in the negative of about $350,000. Currently we are in the negative only $150,000. Typically this time of the year until tax income comes in, the Town borrows on a line of credit (tax anticipation note) and it leaves us in a positive cash flow status. The difference of $200,000 is because the Energy Plant is now in the Tax Club and they have been making regular monthly payments as opposed to a lump sum in February or March, which has put us slightly ahead in cash flow at this time.

Meeting Adjourned at 6:13 PM

Respectfully submitted,

Billie Jo Sharpe
